ABOUT ME

Frontend Developer with proven experience in designing and developing scalable, high-performance, and responsive web applications using React.js and Redux Toolkit. Strong expertise in logical problem-solving, complex state management, component architecture, and performance optimization, with a solid grasp of modern frontend engineering principles and clean code practices.

EDUCATION

2018 - 2021

62%

Bachelor of Science - Chemistry

Jnmp College Bharathana Vesu Surat

2021 - 2023

72%

Master of Science - Organic science

Bhagwan Mahavir Collage Vesu Surat

2023 - 2024 (oct)

REACT.JS COURSE

Goverdhan Institute- Althan Surat

INTERNSHIP

6 MONTH

Krishna Soft Web Solutions

Althan Surat

During my internship, I gained in-depth practical knowledge of HTML, CSS, JavaScript, and React for building responsive and user-friendly web interfaces. I worked with Redux Toolkit for efficient state management in web applications. I also used Git and GitHub for version control, code collaboration, and project management. This internship helped me strengthen my front-end development skills, understand real-world project workflows, and improve my problem-solving and debugging abilities while working in a team environment.

SKILLS

- HTML
- REDUX
- CSS
- GITHUB
- JAVASCRIPT
- BOOTSTRAP
- REACT
- TAILWIND

EXPERIENCE

8 MONTH

Krishna Soft Web Solutions

Althan Surat

- Worked as a React JS Developer responsible for developing and maintaining responsive and scalable web applications using React JS. Implemented key features such as functional components, React Hooks (useState, useEffect, etc.), React Router for SPA navigation, and Redux Toolkit for efficient and scalable state management.
- Collaborated on live projects involving REST API integration using fetch and axios, ensuring smooth data flow between frontend and backend services. Focused on code optimization, component reusability, and improving application performance.

Project Name :- ZAYA – E-commerce Platform

Tech Stack :- React.js , Redux Toolkit , Bootstrap

- Developed a full-stack e-commerce web application focused on selling cloth , shoes .. etc products.
- Implemented features like user authentication, product catalog, cart functionality, checkout flow, etc.
- Integrated Redux Toolkit for efficient state management and real time cart updates.
- Ensured responsive UI with Bootstrap CSS and focused on a clean, modern design.

Project Name :- MSHMovies – Movie Trailer Platform

Tech Stack :- React.js , Redux Toolkit , Tailwind CSS , TMDB API

- Built a responsive movie trailer web application that allows users to explore and watch trailers based on selected languages of regions.
- Implemented user authentication with sign-up and sign-in functionality.
- Added search functionality and Integrated like/dislike feature.
- Integrated TMDB API to fetch and display real-time movie data and trailers dynamically.
- Designed a modern, responsive interface using Tailwind CSS, ensuring a clean and user-friendly experience.

SKILLS

- **Technical Skills** : Html , Css , Javascript , React js , Redux Toolkit , Tailwind css , Bootstrap , Git Hub
- **Languages** : English , Hindi , Gujrati , Marathi
- **Certifications** : Completed Certified ReactJS Course from Goverdhan Institute - Althan Surat
2024 (Feb) - 2024 (Oct)

Completed ReactJS Internship & work as react devloper at Krishna softweb Surat
2024 (Nov) - 2025 (Nov)
- **Myportfolio** : <https://maheshportfolio.vercel.app/>
